

Student well-being monitor 2025

A Pan-European Study on Student Well-being

- The survey is managed by The Class Foundation, a European think tank on student housing.
 - It is distributed to students across Europe during the spring, with results presented in the fall.
 - By participating, you contribute to valuable data for Nordic student housing. To ensure inclusion for your country, at least 200 responses are required.
 - Students access the survey via a link. You can share it directly with your tenants, post it on social media, or distribute it in other ways.
 - The survey is open from February 15th to May 31st.
 - Participants have the chance to win a €500 prize.
 - No personal data needs to be shared, as you will distribute the survey link yourselves.
 - There are no commitments — showing interest or sharing the survey does not bind you in any way, and accessing the results is completely free.
-
